Functions:	

BOX PICTURE

Dress up your terrace, balcony or home for the Christmas holiday with Entac Christmas Wire strings! The wire cable can be formed easily thus offering more decorating options than the classic strings. With the tiny LED lights it nicely fits into minimalist surroundings also. The product also features a timer that provides 6 hours of continuous operation, then after 6 hours it switches off for 18 hours, followed by another 6 hours of light.

Our wire string Christmas lights are available in warm white (WW) or cool white (CW) color temperatures. The 1-meter long string features 20 LEDs, while an additional 10 centimeters of cable ensures convenient access to the battery box.. The product works with 2 CR2032 batteries included in the package.

You may find the detailed operating instructions in the box.

The Entac Christmas lights category includes numerous other products. Learn more about these on the following link.
