PRODUCT DESCRIPTION

Entac Dual Battery rechargeable work lights represent the perfect choice for convenient repair work. During repair and assembly there are always hard-to-see places when the main light source of the room is just not sufficient as it cannot illuminate the needed areas, let it be indoors or outdoors. That's the right kind of work for the Entac multifunctional work lights. Due to IP65 protection the Dual Battery rechargeable light is truly durable and can also be used in wet conditions. The product features 1 COB light source with a 6W power output and 240 lumen brightness, and on the side it features a white 1W LED ensuring multifunctional lighting options. It can be recharged with a USB charger included in the package. Charging time for the two 18650 batteries: 5 hours, operating time up to 10 hours. If needed, the product also works with 3 AA batteries. With the help of its Power Bank function, your other electric devices can also get access to power while working.

The Entac Work light category includes numerous other products. Learn more about these on the following [link](#).
